Every Junior Fair exhibitor of livestock, except horses, Pygmy goats and breeding rabbits, must have attended a Quality Assurance (QA) training program or passed the Test Out Option to exhibit livestock at the fair. Anyone not QA certified will be ineligible to exhibit livestock at the fair.

It will be sent home unless a proper DUNF is completed.
8. A DUNF must be completed and filed in the Junior Fair Office if ANY medication is administered to ANY animal during the fair, even if a DUNF was not required for that animal at check-in.
9. All ruminant market animals (market beef, dairy steers, market lambs and market goats) must turn in a ruminant protein disclosure form and any other forms required by the buyer.
